The fiesta that caught my attention the most was Carnival of Santa Cruz de Tenerife. This fiesta takes place for 15 days between January and February every year. It ends the weekend after Ash Wednesday. People from all over the world travel to Tenerife to experience the fun, freedom, extravagance, and flavor of this carnival. The significance of this carnival is to celebrate, indulge, and feast before Lent begins. My favorite fiesta I celebrate in my family is Trinidad and Tobago Carnival. My husband is from Tobago and every year since we have been together we celebrate this together with his family. It is a 2 day event consisting of parades, parties, activities, bands, and food. It is also celebrated at the same time as Carnival of Santa Cruz de Tenerife before the fasting of Lent begins. I love this tradition because it is a time where everyone comes together and has fun. It's a really great experience seeing the costumes and trying traditional food.

Mi fiesta/celebración favorita es el 20 Febrero. Es el carnaval de Trinidad y Tobago.

Hello Alexis,

This fiesta sounds like so much fun, this one actually caught my attention as well! Seems like a great tradition that would be exciting to celebrate with friends and family! The food is something that I look forward with my tradition as well! Hope you keep enjoying this tradition year after year!

Hey Alexis,

I have a friend who goes every year to celebrate carnival. Every year its a big event for her ordering her costume. She describes as like a non stop party with lots of food and dancing.
