benmaisel12@gmail.com

Bachelors of Science in Cyber Security candidate looking to gain experience in securing networks and protecting information both stored and in transit. I'm curious and diligent with a friendly demeanor and able to perform a variety of tasks and quick to learn new ones.

WORK HISTORY

TeenWorks, Wheaton— Volunteer

March 2022 – May 2022

TeenWorks is a volunteer and employment program run by Montgomery County, MD. Teenworks provides young adults with an opportunity to develop critical, marketable skills.

- Assigned to a group of fifth graders at South Lake elementary where I developed relationships.
- Assisted students with school work.
- Organized and led sporting activities.
- Arranged and set up board games.

RSV Pools, Gaithersburg — Lifeguard, Manager

May 2018 – August 2022 (summers)

RSV Pools is a pool management company offering swimming pool management, repair, and renovation.

- Periodically inspected the pool facilities and equipment to ensure all safety protocols were met.
- Supervised and assisted cleaning the pool, facilities and equipment.
- Regularly tested water, recorded results, and added chemicals as necessary.
- Watched swimmers to ensure safety and also enforced pool regulations.
- CPR certified and if the situation arose was ready to administer life saving aid.
- As a pool/lifeguard manager, supervised employees including scheduling work hours, assigning duties, and rating performance.
- Corresponded with community liaison to ensure the pool managed to their expectations.

HOBBIES & INTEREST

- Seneca Valley swim & dive team (coach), track team, cross country team, and stage crew.
- Enjoy skiing, hiking, biking, travel, and spending time at the beach.
- Technology savvy and built a gaming computer, set up a gaming server, and good at troubleshooting issues.

SKILLS

- Proficient in Excel, Word, Power Point.

EDUCATION

- Seneca Valley High School, Germantown, MD.
High School Diploma, May 2022, relevant courses include Cybersecurity Capstone A/B
- Old Dominion University, Norfolk, VA.
Bachelors of Science in Cyber Security candidate, May 2026
