July 26, 2018

To Whom It May Concern,

Elrida V. Carriglitto completed at least 50 hours as a volunteer with our Social Service office/pantry between 6/4/18 and 7/23/18. Her primary role during this time was to assist in the preparation of fresh food items arriving from our grocery store partners prior to distribution each day as well as the distribution of the same. She typically completed these activities on Mondays and Wednesday between 10AM-3PM.

Elrida, or "El", as we fondly referred to her also expressed interest in our case management/financial assistance programs. With our client's permission, she was allowed to shadow case managers of those programs during any pantry lulls. In doing so, she was able to experience utility and rental program assistance activities.

During her time with us El was noted to show great initiative and punctuality along with being well spoken, well dressed, patient and liked by staff and clientele. We'll miss her greatly and hope she'll come back and see us sometime.

If you have any questions not covered above, don't hesitate to contact me directly by phone (757) 543-8100 Ext. 64132 or e-mail (seth.atkinson@uss.salvationarmy.org).

Thank you,

Seth Atkinson
Social Services Program Manager
