## Professional Profile

I am a self motivated and goal oriented individual with a passion towards helping others. I have a decade of development in interpersonal skills and conflict resolution as well as studies in psychology, multiculturalism, and biology. Within the field of ABA, I have experience increasing client utilization of AAC devices and PECS as well as experience with toilet training and mild to severe behaviors of physical aggression, self injurious behavior, mouthing, PICA, elopement, tantrums and more. I am pursuing completion of my bachelors degree and moving towards my Masters in ABA.
