

Create Your Opportunity

Psi Chi / APS

Join the International Honor Society in Psychology! If you don't initially meet the eligibility requirements, join the sister organization: the Association for Psychology Students (APS)

Join a Research Lab

If you visit the Psychology website > Academic Programs & click on your area of interest (Health; Clinical; HF; I/O), you can explore the various faculty labs

Honors in Psychology

Register for PSYC 487 if you've completed PSYC 497, have a cumulative GPA of 3.25 or higher / a psychology GPA of 3.5 or higher, and have received approval from the Honors Program Chair

Be an Undergraduate Teaching Assistant

If you've taken a course, earning a minimum B grade, that you'd like to serve as a UTA for, please contact Ms. Morrow to register for PSYC 395 (UTA).

This experience will foster a deeper understanding of the course material & hone mentorship skills, which will be showcased in a portfolio

Other Psychology Student Organizations

- Human Factors & Ergonomics Society (HFES)
- Industrial/Organizational Psychology Student Association (IOPSA)
- Health Psychology Student Association (HPSA)

Supervised Research

Once you've successfully completed PSYC 316 with a C or better, coordinate with a faculty mentor to earn course credit for possible participation in research (for 1-2 semesters: PSYC 497-498)

Internship/Practicum

Get field experience tailored to your interests:

- Non-Clinical Internship (PSYC 368)
- Clinical Practicum (PSYC 369/371)

Eligibility: completion or co-enrollment of PSYC 318W

Study Abroad

Study Abroad in Italy Health Psychology from a Cross-Cultural Perspective
