

ODU Speech and Hearing Clinic
Therapy Plan

Clinician: Hydera Conner	Session Date: 04/06/2021
Tx Schedule:	Client Age: Four year olds
Treatment Area(s): Articulation and speaking her own words	Supervisor Approved:

SEMESTER GOALS:

One Long-Term Goal

The long term goal is to work with Tessa on being able to follow instructions when given to her , but also to explain when something is bothering her and using her words to communicate.

Three Short-Term Goals

Work on having Tessa ask you questions to get her to understand

Work on the comprehension of her reading skills and make sure she understand the material

Work on the pronunciation of the words that she struggles with

SESSION OBJECTIVES:

Objective 1:

Activity: Questions and more Questions	Time Allotted:
Materials: Questions on a paper	
Implementation and Reinforcement: Prompt question first and have Tessa say it back	

Objective 2:

Activity: What about the dolls?	Time Allotted:
Materials: Dolls and different stuffed animals	
Implementation and Reinforcement: Have Tessa talk and describe the dolls in order to prompt her comprehension skills	

Objective 3:

Activity:	Time Allotted:
Materials:	
Implementation and Reinforcement:	

Objective 4:

Activity:	Time Allotted:
Materials:	
Implementation and Reinforcement:	

Objective 5:

Activity:	Time Allotted:
Materials:	
Implementation and Reinforcement:	

Strategies/Activities for Behavior Management:	Always make sure that Tessa is paying attention while you are giving her instructions because if not then she is not listening or comprehending what you're saying.
Homework Assignment:	Work on listening and comprehending instruction
