

# T<sup>3</sup>-CIDERS

## A Train-the-Trainer Approach to Fostering CI- and Data-Enabled Research in CyberSecurity

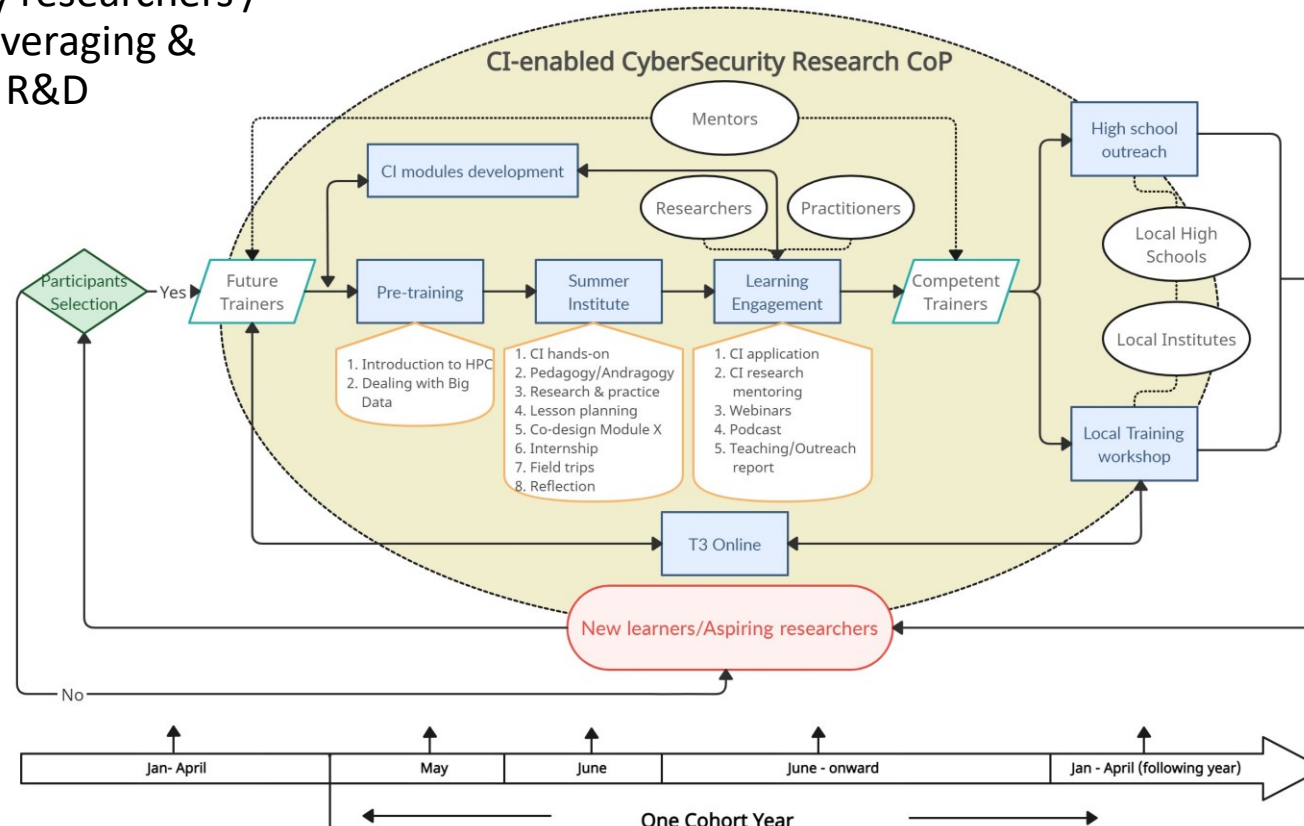

**Overarching Goal:** Community of Practice of next-gen cybersecurity researchers / scholars well-versed in leveraging & teaching CI to accelerate R&D in cyber-related fields

### Approach:

Train-the-trainer designed to be synergistic with research, teaching, learning

### Future Trainers:

faculty, researchers, grad students in cyber-related disciplines

### Training Modules:

- \* Technical CI (DeapSECURE)
- \* Pedagogical (T3)

### Future Trainer Activities:

- \* Teach local workshops
- \* Outreach to high schools
- \* Develop new CI modules

### Scaling up: T3-Online
