About the World Congress on Ultrasound in Medical Education (WCUME)

The 10th World Congress is expecting over 300 participants from across the United States and abroad. The 2026 WCUME will be held in Norfolk, Virginia, a historic, coastal city situated along the Elizabeth River.

Hosted in partnership with Eastern Virginia Medical School at Old Dominion University, a recognized leader in integrated ultrasound education, this international conference gathers educators, clinicians and learners from around the world to explore The Sound of Progress: Integrating Ultrasound into Medicine's Tomorrow. The 10th World Congress is a great opportunity to meet ultrasound educators from various institutions nationally and internationally, teachers, clinicians and students/residents in one location.

About the Society of Ultrasound in Medical Education (SUSME)

The mission of the Society of Ultrasound in Medical Education is to promote the use of ultrasound in medical education through development of educational experiences, research on outcomes and distribution of results.

About World Interactive Network Focused on Critical Ultrasound (WINFOCUS)

The World Interactive Network Focused on Critical Ultrasound is the world leader scientific network committed to develop Point-of-Care Ultrasound practice, research, education, technology and networking, addressing the needs of patients, institutions, services and communities living in out-of-hospital and in-hospital critical scenarios.
