e-P Reflections S2022

Name: Macey Vakos

Week of:

ImmerseMe Topic & Category: Hotel

e-Portfolio Artifacts are digital evidence of progress, experiences, achievements, and goals over time. Artifacts are examples of your work.
Be sure to record your ImmerseMe experience in Zoom.

Answer prompts 1-5 below in English to help you process your French learning progress using the virtual experience of ImmerseMe:

1. Why did you select this particular **ImmerseMe category**? Why did this lesson in particular appeal to you?

I love to travel so this was important because I will always need to book places to stay when traveling.

2. Which scaffolded learning mode from ImmerseMe was most helpful to you this week **(pronunciation, writing/dictation, translation, immersion).** What specific aspects of the lesson made it helpful to you?

Vocab/writing helped me the most this week because I was unsure of a lot of the vocab for this lesson.

3. How did you feel about the experience offered by ImmerseMe? Did the use of visuals, audio, interaction, and the depiction of the space impact you're learning in a positive or negative fashion? Please explain.

This was recorded in a real hotel behind a check in desk so it definitely helped to imagine the situation.

4. What were some of the multicultural learning experiences for you? Consider the authentic location. What did you learn, notice, negotiate, connect with, etc.?

The only real difference was the language, all hotels are pretty similar

5. How did the ImmerseMe category reflect your strengths and interests this week? What have you done well? What was your biggest challenge when completing this ImmerseMe category?

I like to travel a lot so this helped me imagine speaking french during traveling. My biggest challenge was pronunciation per usual.
