

ImmerseMe

e-P Reflections S2022

Name: Macey Vakos

Week of: lesson 9

ImmerseMe Topic & Category: time, workplace

e-Portfolio Artifacts are digital evidence of progress, experiences, achievements, and goals over time. Artifacts are examples of your work.

Be sure to record your ImmerseMe experience in Zoom.

Answer prompts 1-5 below in English to help you process your French learning progress using the virtual experience of ImmerseMe:

1. Why did you select this particular **ImmerseMe category**? Why did this lesson in particular appeal to you?

Time is very important for literally any situation so its good to practice pronouncing the numbers and talking about making appointments and such. As far as the workplace, its important to be able to talk about my interests and qualifications for a job because that's necessary for any workplace.

2. Which scaffolded learning mode from ImmerseMe was most helpful to you this week (**pronunciation, writing/dictation, translation, immersion**). What specific aspects of the lesson made it helpful to you?

I would say this week writing/dictation was the most helpful to me. Its also the most frustrating, but getting through it and taking my time learning the letter formation is helpful in remembering vocabulary.

3. How did you feel about the experience offered by ImmerseMe? Did the use of visuals, audio, interaction, and the depiction of the space impact your learning in a positive or negative fashion? Please explain.

The ImmerseMe experience is always nice in learning to converse with people. I would say the only downfall of my experience this week was pronunciation which can get frustrating when the computer doesn't understand what your saying. Again, this just reinforces learning pronunciation and vocabulary though.

-
4. What were some of the multicultural learning experiences for you? Consider the authentic location. What did you learn, notice, negotiate, connect with, etc.?

Both lessons were pretty formal and not super immersive as far as being somewhere. They both had more of an office vibe which made the conversation feel more formal.

5. How did the ImmerseMe category reflect your strengths and interests this week? What have you done well? What was your biggest challenge when completing this ImmerseMe category ?

I did good picking up some new words and spelling, and did not do as good with pronunciation.
