

Mon nom de famille est Vakos. Ma famille vient de Grèce. J'ai dix-huit ans. Je vais à l'école et je ne travaille pas. J'étudie les communications à l'université Old Dominion. Je m'intéresse aux amis, à la musique, à la nature, à la lecture et à la nourriture !

Why is it important to study a world language?

It is important to study a world language for a lot of reasons. One of the most important reasons is International Job opportunities. Someone who works internationally might be better at their job with other language experience. Other reasons include communicating with people in different places, and learning about different cultures.

Why am I studying French?

I am studying French because I have always been interested in French culture. I'm interested in the food people eat in France as well as the music. I also really enjoy the architecture and France and all the museums and cafes. I would like to live in France at least for a couple of months or a year and it would be helpful to have some French background.
