SUMMARY

I am currently a Junior at Old Dominion University and I am working towards my Bachelors in Cybersecurity. Over the last few years at Old Dominion, I have written multiple research papers relating to cybersecurity and cyber policy. I have also used virtual machines to practice offensive and defensive cybersecurity procedures. Currently, I am working towards the CompTIA Security+ and Network+ certifications. After I graduate, I plan on utilizing the skills and experiences I have acquired and accumulated in order to help businesses become Cybersecure.

WORK EXPERIENCE

Recreational Equipment, Inc

Apr. 2024 - Present
