

The background of the slide features a person wearing a red hoodie, seen from the side, typing on a laptop. Overlaid on the image are several digital security-themed elements: a large white padlock icon, a series of white dots representing a password field, and the word 'password' in a white, lowercase, sans-serif font. A network of white lines and dots, resembling a data or social network, is also visible. The overall color palette is dominated by the red of the hoodie and the blue/teal tones of the laptop and background.

SECURING OUR DIGITAL COMMUNITIES
