

E-Commerce and Digital Goods Assignment

Discuss the **costs and benefits of e-commerce on individuals, society, and the environment.**

Remember to **clearly list or show the costs and benefits of e-commerce on individuals, society, and the environment.**

You can show the costs and benefits of e-commerce on individuals, society, and the environment by using any available options for example: bullet points, graphs, charts, regular sentences, paragraphs, tables, timelines, etc.

Please be as detailed as possible with your discussion and remember there are **a lot of moving parts to e-commerce and its costs and benefits on individuals, society, and the environment.**
