

PROFILE

I'm an experienced professional, with nearly a decade in the ship repair industry. I'm an NCCER Apprentice Graduate (Journeyman Machinist) with a Bachelor's Degree in Business Management. I currently serve a role as an Estimator. My duties are to prepare detailed and accurate cost proposals for potential customers, serving both Military and commercial clients. I am knowledgeable in almost all aspects and positions within the ship repair industry.

CHARLES W. HASKETT IV

"I'm a motivated and experienced professional, who loves learning, solving complex problems, and working together to achieve common goals."

WORK EXPERIENCE

Ship Repair Estimator

Tecnico, Chesapeake VA

2016-Current

I began as an apprentice and worked my way to becoming an estimator, where I have been for the last two years with the firm. I work independently to prepare cost estimates for potential Military and Commercial clients. Proposals include an analysis of labor hours, material costs and sub-contractor requirements.

1st Class Machinist

A.I.T Marine, Norfolk VA

2015-2016

During my time at AIT, I performed minor and major overhauls of various shipboard systems and equipment. I utilized my drive, knowledge and leadership to complete jobs, with an emphasis on quality.

EDUCATION

Old Dominion University

Bachelor of Science in Business Administration (Management)

May 2023

NCCER Apprentice Graduate (Outside Machinist)

Certification of Completion of Apprenticeship

May 2021

Nashville Auto Diesel College

Certification of Completion

January 2012
