

Casey Austin Brown

xyronx0@gmail.com

Education

Bachelor's Degree in Cybersecurity at Old Dominion University – 3.54GPA

CompTIA A+ certified in 2016

Work Experience

2016-2020 – Food Runner at Beach Cinema Alehouse; Delivering food drinks, and snacks to people in movie theaters while also cleaning theaters after the movies are done.

2020- Present – Busser at Captain George's Seafood Buffet; Cleaning tables in an all you can eat seafood buffet after people are finished eating.

Career Objective

Seeking a cyber security job that I can use with windows server and Linux to ensure that servers are to stay up and users are trained in cyber protection.

Skills

I can work my way around in Unix and Linux Terminal, I have knowledge in Windows Server 2008, and I have knowledge of C++ coding.

Interests and Activities

I have performed Capture the Flag activities in prior college classes and enjoyed them. I also enjoy making my way around the Linux Terminal to look for files rather than going through the Operating System's file explorer.
