**ImmerseMe Topic & Category:** History

**e-Portfolio Artifacts are digital evidence of progress, experiences, achievements, and goals over time. Artifacts are examples of your work. Be sure to record your ImmerseMe experience in Zoom.**

**Answer prompts 1-5 below in English to help you process your language learning progress using the virtual experience of ImmerseMe:**

1. Why did/didn't this **ImmerseMe category/lesson** in particular appeal to you?

I did not enjoy this particular category primarily because I am not a big fan of history. The information was more or less interesting, but it is a topic that I do not enjoy.

2. Which scaffolded learning mode from ImmerseMe was most helpful to you this week (**pronunciation, writing/dictation, translation, immersion**). What specific aspects of the lesson made it helpful to you?

Again, I think the writing portion and unprompted speaking portion are the most helpful because it is the most realistic practice for me personally. The writing helps me practice typing accents and upside down expressions.

3. How did you feel about the experience offered by ImmerseMe? Did the use of visuals, audio, interaction, and the depiction of the space impact your learning in a positive or negative fashion? Please explain.

It is fun to do a virtual conversation because it is a different type of assignment and one I can truly interact with. It is not something where I am answering questions, rather something I can practice all aspects of language in.

4. What were some of the multicultural learning experiences for you? Consider the authentic location. What did you learn, notice, negotiate, connect with, etc.?

---

I think it is interesting to see which aspects of history ImmerseMe chooses to include in the lesson. For example, it talked a lot about different areas of Spain. I think it would prepare me to go to the country and have some knowledge of its culture and history.

5. How did the ImmerseMe category reflect your strengths and interests this week? What have you done well? What was your biggest challenge when completing this ImmerseMe category ?

This category did not reflect my interests as I do not like history very much, however it continues to challenge me in typing and open conversation. I do feel that the open conversations are not the best because you are only allowed to say the scripted prompt, and if you change it the answer is considered wrong.
