OBJECTIVE

Cyber Security Student, IT Professional and US Army Veteran with active Top Secret/SCI clearance. CompTIA Security+ certified and graduate of the Air Force's network administration technical school. Experience working in secure environments with classified data systems. Focused on building a career in cyber security that leverages my network experience and academic learning in cyber security, to provide holistic network security for my clients.

EXPERIENCE

01/2017 to Current

Network Technician | Virginia Air National Guard

- Member of the 192 Fighter Wing on Langley AFB. Deploy, sustain, troubleshoot, and repair standard voice, data and video network infrastructure systems, and cryptographic equipment
- Install, configure, and maintain networking equipment on military installations

02/2018 to 11/2018

PC Technician 1 | All staff Technical Solutions

- Contractor supporting the US Army Corps of Engineers Information Technology Department, with a special mission to support Hurricane Recovery efforts in Puerto Rico
- Use Active directory to add/delete accounts, unlock accounts, gain bit locker recovery keys and reconnect users cloud storage
- Resolve customer incidents onsite and document through the BMC remedy ticketing software

11/2017 to 02/2018

Desktop Support | TEKsystems Inc.

- Contractor supporting the reimaging and migration of the Army Corps of Engineers desktop systems to Windows 10
