NCSSFL-ACTFL CAN-DO STATEMENTS For Use With LinguaFolio®

INSTRUCTIONS

The NCSSFL-ACTFL Can-Do **Benchmarks** are *italicized* and are followed by specific Can-Do **Indicators** in **bold**. The indicators break down the benchmarks into smaller steps. Directly below the can-do learning indicators is a bulleted list of **Examples** that illustrate and make transparent what such expectations might look like. Benchmarks and indicators are aligned to ACTFL proficiency levels and sublevels and as such should **NOT** be modified. The blank can-do statement is designed for that purpose – to personalize learning targets that illustrate your language skills and performance.

Each statement should be assessed separately to identify a level of proficiency.

Self-Assessment Statement	Explanation
This is my goal.	This is something that I want to be able to do.
I can do this with help.	I am able to do this when prompted, when someone provides a word or hint, or after multiple tries.
I can do this consistently.	I have done this numerous times, comfortably and independently, without hesitation.
I have provided evidence to demonstrate this	Since I can do this without much effort, I have provided proof by sharing samples of my work that demonstrate this goal.

These self-assessment statements are provided to help you understand and document what you can do with the language that you are learning in each of the three modes of communication: interpretive, interpresonal and presentational.

- The **interpretive mode*** describes how you interpret meaning from hearing, reading or viewing the language in a variety of ways (e.g. voice mail, podcasts, lyrics, television, stories, books, public announcements, etc.).
- The **interpersonal mode** describes how you engage in direct oral, written or signed communication with others (e.g. face-to-face conversations, online discussions or video conferences, emails, text messaging, etc.).
- The **presentational mode** describes how you speak, write or sign to a variety of audiences (e.g. leaving a voice message, making a presentation, giving directions to a group, delivering a speech, etc.).

* What elements of literacy lead to higher levels of understanding in the Interpretive Mode?

Learners move along the proficiency continuum at different speeds in listening, reading or viewing. Learners bring prior skills and experience in L1 and L2 to the Interpretive mode. Factors that impact how well learners understand texts include:

- a) text complexity or length
- b) familiarity with topic and background
- c) knowledgeability to use literacy strategies such as recognizing key words, detecting the main idea, identifying supporting details, noting organizational features, guessing meaning from context, identifying logical inferences, identifying the author's perspective and cultural perspectives/norms.

Novice Benchmark Interpretive Listening or Viewing I can identify the general topic and some basic information in both very familiar and everyday contexts by recognizing practiced or memorized words, phrases and simple sentences in texts that are spoken, written or signed.	This is my goal.	I can do this with help.	I can do this consistently.	I have provided evidence to demonstrate this.
What can I understand or interpret in authentic informational texts that I hear or view?				
 I can identify some basic facts from memorized or familiar words and phrases when they are supported by gestures or visuals in informational texts. Examples I can		~		
What can I understand or interpret in authentic fictional texts that I hear or view?	1			
 I can identify some basic facts from memorized or familiar words and phrases when they are supported by gestures or visuals in fictional texts. Examples I can I can identify some phrases describing a character in a story. I can identify some phrases from a read-aloud story. I can recognize a familiar or memorized line from a TV show. I can recognize some events from a cartoon. I can recognize a song's common one-line refrain. 	~			
What can I understand or interpret in conversations or discussions that I hear or view, in which	n I am	not a p	partici	pant?
 I can identify some basic facts from memorized or familiar words and phrases when they are supported by gestures or visuals in conversations. Examples I can	~

Novice Benchmark Interpretive Reading I can identify the general topic and some basic information in both very familiar and everyday contexts by recognizing practiced or memorized words, phrases and simple sentences in texts that are spoken, written or signed.	This is my goal.	l can do this with help.	I can do this consistently.	I have provided evidence to demonstrate this.
What can I understand or interpret in authentic informational texts that I read?				
I can identify some basic facts from memorized or familiar words and phrases when they are supported by visuals in informational texts.			~	
Examples				
• I can				
 I can identify nutritional categories on food labels. 				
• I can identify items on a shonning list				

- I can identify items on a shopping list.
- I can identify names of classes and their locations on a schedule.
- I can identify my departure and arrival times from a transportation schedule.
- I can understand subject specific terms on a word wall.

What can I understand or interpret in authentic fictional texts that I read?

I can identify some basic facts from memorized or familiar words and phrases when they are supported by visuals in fictional texts.		>
Examples		
• I can		
I can identify some phrases describing a character in a story.		
I can identify some phrases in captions from pictures in a book.		
I can recognize a familiar memorized line from a poem.		

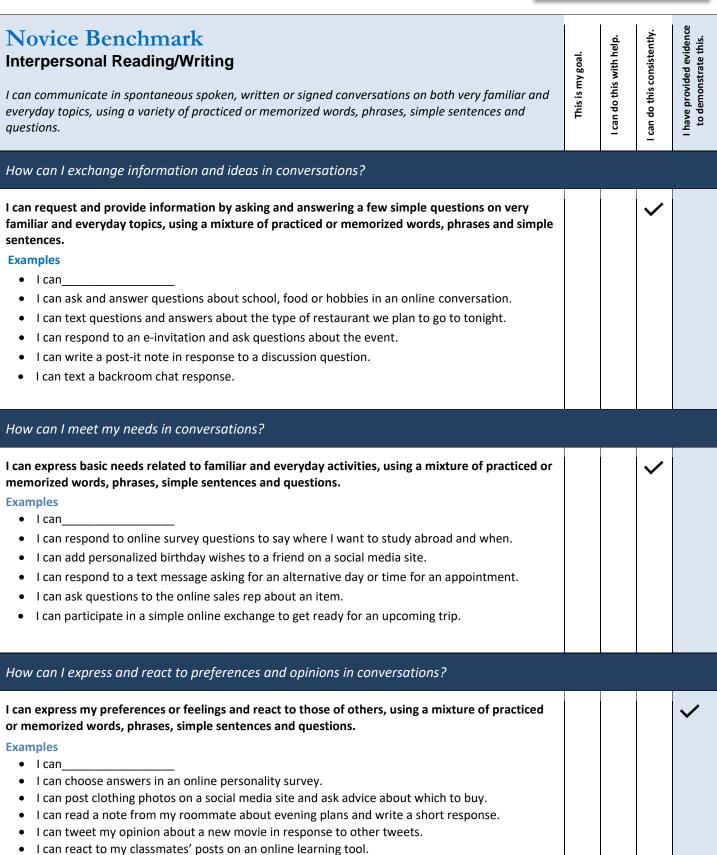

- I can recognize some events from a story timeline. •
- I can recognize a common one-line refrain from the lyrics of a song.

What can I understand or interpret in conversations or discussions that I read, in which I am not a participant?

I can identify some basic facts from memorized or familiar words and phrases when they are supported by visuals in conversations.		~	
Examples			
• I can			
 I can recognize dates in an email message. 			
 I can recognize very common abbreviations in a text message. 			
 I can recognize whether a correspondence is formal or informal. 			
 I can understand the time in a meeting request. 			
 I can understand familiar directions on a mobile app.
