INSTRUCTIONS

The NCSSFL-ACTFL Can-Do **Benchmarks** are *italicized* and are followed by specific Can-Do **Indicators** in **bold**. The indicators break down the benchmarks into smaller steps. Directly below the can-do learning indicators is a bulleted list of **Examples** that illustrate and make transparent what such expectations might look like. Benchmarks and indicators are aligned to ACTFL proficiency levels and sublevels and as such should **NOT** be modified. The blank can-do statement is designed for that purpose – to personalize learning targets that illustrate your language skills and performance.

Each statement should be assessed separately to identify a level of proficiency.

Self-Assessment Statement	Explanation
This is my goal.	This is something that I want to be able to do.
I can do this with help.	I am able to do this when prompted, when someone provides a word or hint, or after multiple tries.
I can do this consistently.	I have done this numerous times, comfortably and independently, without hesitation.
I have provided evidence to demonstrate this	Since I can do this without much effort, I have provided proof by sharing samples of my work that demonstrate this goal.

These self-assessment statements are provided to help you understand and document what you can do with the language that you are learning in each of the three modes of communication: interpretive, interpersonal and presentational.

- The **interpretive mode*** describes how you interpret meaning from hearing, reading or viewing the language in a variety of ways (e.g. voice mail, podcasts, lyrics, television, stories, books, public announcements, etc.).
- The **interpersonal mode** describes how you engage in direct oral, written or signed communication with others (e.g. face-to-face conversations, online discussions or video conferences, emails, text messaging, etc.).
- The **presentational mode** describes how you speak, write or sign to a variety of audiences (e.g. leaving a voice message, making a presentation, giving directions to a group, delivering a speech, etc.).

* What elements of literacy lead to higher levels of understanding in the Interpretive Mode?

Learners move along the proficiency continuum at different speeds in listening, reading or viewing. Learners bring prior skills and experience in L1 and L2 to the Interpretive mode. Factors that impact how well learners understand texts include:

- text complexity or length*
- familiarity with topic and background*
- knowledgeability to use literacy strategies such as recognizing key words, detecting the main idea, identifying supporting details, noting organizational features, guessing meaning from context, identifying logical inferences, identifying the author's perspective and cultural perspectives/norms.*
