

Steps 1 & 2

A terminal window titled "damis001@kali: ~" showing the execution of two commands. The first command is `cp /usr/share/doc/zstd/copyright ~/`. The second command is `ls -l`, which outputs a long listing of files in the current directory. The files listed are: `copyright`, `data`, `Desktop`, `Documents`, `Downloads`, `Music`, `Pictures`, `Public`, `Templates`, and `Videos`. Each file entry includes its permissions, size, owner, group, size, date, and time.
