**OBJECTIVE:** Ambitiously driven hard worker that is highly motivated for success, comfortable in stressful environments, and possesses fast on the job learning experience. Passionate, enthusiastic leader, team builder and consistently motivating others toward success throughout my career cybersecurity.

## EMPLOYMENT HISTORY:

Telecommunications Engineering Specialists

08/2010 – 08/2018

Employer: United States Air Force

-Provided mission critical voice, data and video services, installs, upgrades, replaces, configures and maintains systems/circuits/IP-based intrusion detection systems that access military, Federal and commercial networks.

-Deployed and operated expeditionary communications systems using agile logistics support channels to sustains, troubleshoots and repair standard voice, data and video network infrastructure systems, IP detection systems and cryptographic equipment and managed infrastructure devices and systems using the latest approved software tools for continuous network operations.

-Isolated faults by coordinating with commercial service providers and depots to test system components and assemblies and monitored performance of systems and circuits.

-Maintained and administered network and circuit databases, records, forms and interpreted sketches and layout drawings for placement of distribution systems.

-Reviewed, recommended, and implemented changes to communications-computer systems installations records (CSIR), technical data, engineering drawings, and equipment wiring diagrams. Updates and verifies entries on system, facility, maintenance, and inspection records.

-Applied communications security programs to include physical, cryptographic, transmission, and emission security and ensures compliance with safety standards and instructions.

-Monitored project status and performed, coordinated, integrated and supervised network design, configurations, operations, fabrications, terminations, and interconnects wiring and associated network infrastructure devices.

## TRAINING/ CERTIFICATION:

CompTIA Security +

Exp. 10/2020

Clearance: Tier 5 (Top Secret/SCI)

Exp. 02/2022

## EDUCATION:

Airman Leadership School

Old Dominion University, B.A in Cybersecurity, 2022

MD-1A Ground Control Station Maintenance

Cyber Transport Tech School of the Air Force, Computer Networking

**SKILLS:** Wireshark, Linux (ubuntu & kali), Metasploit, John the ripper, basic C++ & Bash script Cisco / Juniper switch and router networking configuration
