SKILLS

- Languages: Python, HTML
- Operating systems: Linux
- Software: Microsoft Office, PyCharm, Wireshark, Ubuntu, Kali, Microsoft, PowerPoint, Info Sec, Microsoft Office
- Devices: Zebra tablets, Zebra scanners, Zukey, Ethernet cables

Education

Old Dominion University, Norfolk, VA
Bachelor's Degree
Major: Cyber security   May 2025

Relevant Courses: • Basic Cybersecurity Programming and Networking, Introduction to Networking and Security, Linux System for Cybersecurity, Introduction to Cybersecurity

RELATED EXPERIENCE

Amazon   November 2023 – Current
Process guide

- Utilized various amazon software and applications including SSP, Amazon logistics, FMC, FCmenu
- Conducted and performed training environments for new associates
- Identified and resolved tech issues and conveyor issues to minimize downtime and to keep operational efficiency
- Successfully managed inventory and tracked assets to optimize resource allocation

CAT 6 RJ45 ethernet Lab   February 2022- May 2022

- Cable Termination: Expertly terminated CAT 6 cables with RJ45 connectors, ensuring compliance with TIA/EIA standards.
- Network Testing: Utilized network testing tools to verify signal integrity, troubleshoot issues, and optimize network performance.
- Installation: Installed and managed Ethernet networks this included me configuring switches, routers and more

Networking and Security Workshop   May 2022

- Designed a network topology based on a specific building blueprint given to me.
- Assessed different supplies to create an efficient network infrastructure.
- Created a estimation in project costs, that emphasized budget and resources.
- Gained understanding of principles within a network and financial planning in IT projects.
