

IT Network for Human Resources and Associated Groups

By Alex Harrison, Chandler Cole, and Ethan
Lasich

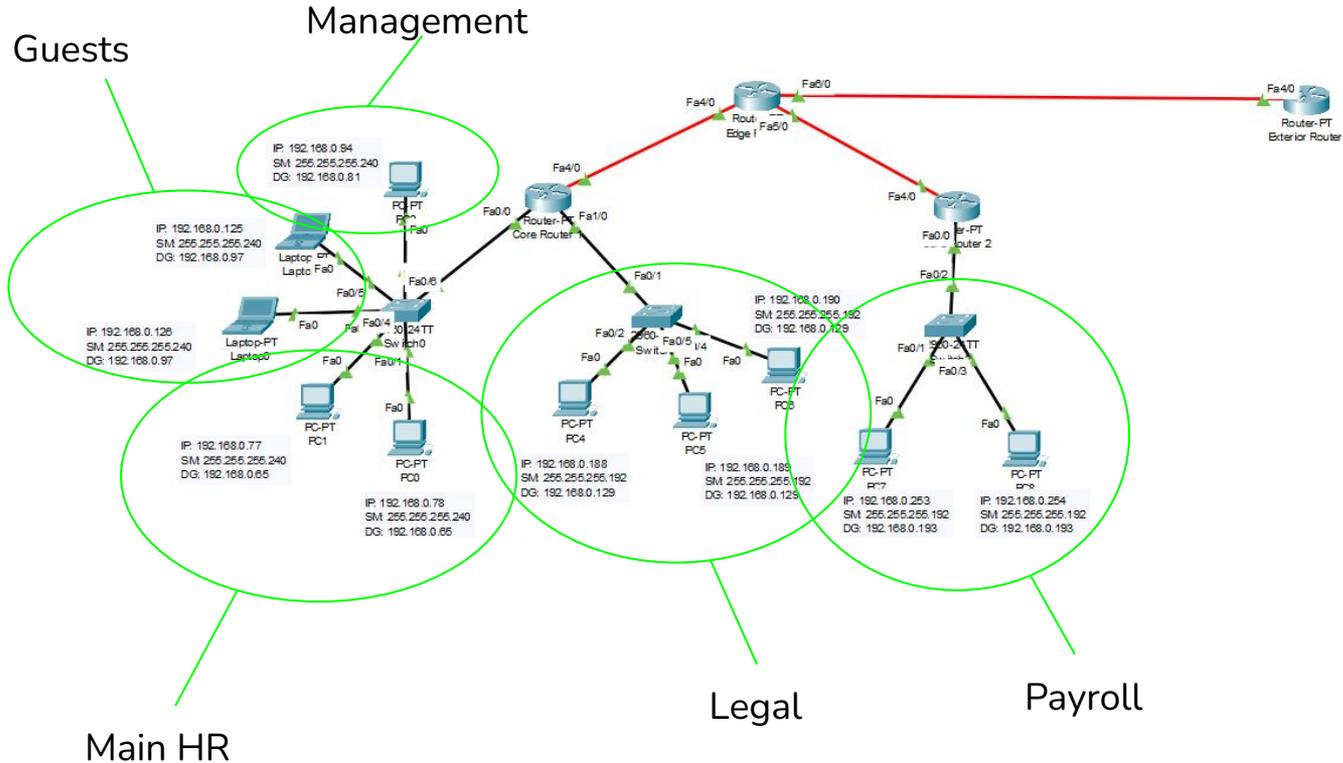

Objective

- To provide a network sectioned for HR but also:
 - Management
 - Legal
 - Payroll
 - Guests
- To connect to the greater company network
- To structure our network in an organized fashion
- Multiple VLANs to separate the sub-user groups within the main HR subnet
- Create dedicated subnets for the two sub-departments
- Allow authorized users to communicate with each other across subnets

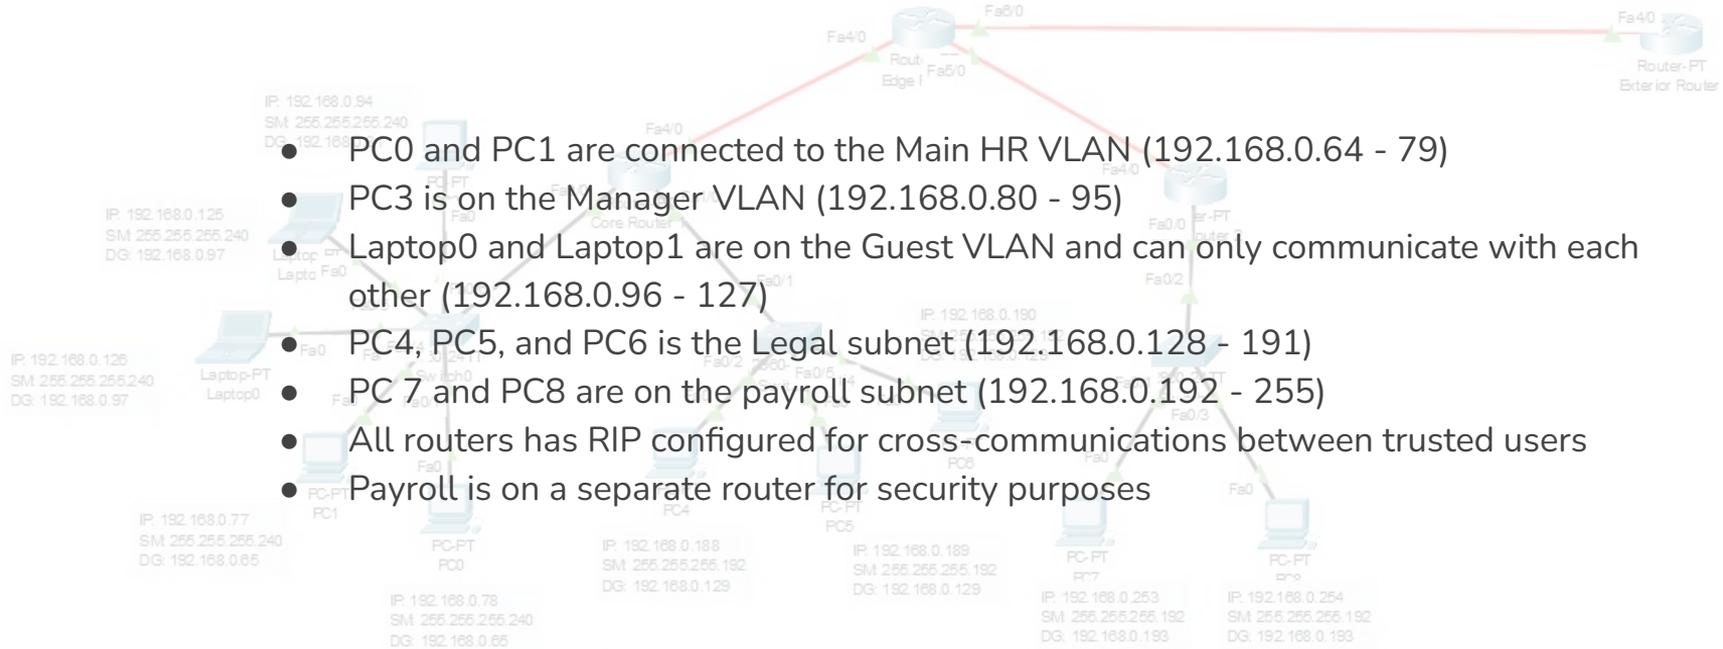

Body

Explanation
