A current student willing to learn and looking for experience in the cybersecurity field. Experience in multiple industries combining problem-solving and interpersonal communication. Seeking to use this experience to further my career and help gain experience in the field of my degree.

## EXPERIENCE

NOVEMBER 2019 – PRESENT

**RADIO BOARD OPERATOR**, 105.5 WRAR & 107.5 WNNT

I am responsible for handling the live broadcast of NASCAR, UVA, and VT sporting events and local events, training new board operators and reporting problems in the systems.

JULY 2020 – PRESENT

**PERSONAL CARE AID**, HOPE IN-HOME CARE

I am responsible for the well-being of a client on a daily basis, and for maintaining their environment and schedule.

## EDUCATION

SEPTEMBER 2021

**BACHELOR OF CYBERSECURITY**, OLD DOMINION UNIVERSITY

I am currently in the Cybersecurity undergraduate program at ODU and plan to finish the program by December 2023. In this program, we have learned of concepts and programs used in the cybersecurity industry.

JUNE 2020

**COMPUTER MAINTENANCE TECHNOLOGY PROGRAM**, NORTHERN NECK TECHNICAL CENTER GOVERNOR'S STEM ACADEMY

This STEM program teaches students about concepts and field work in the IT industry during which I was awarded student of the quarter multiple times by the instructor and led other students in IT fieldwork.

## SKILLS

- Customer support interactions
- Ability to provide solutions and advice to technical problems
- Strong social skills
- Strong teamwork and Leadership skills
- Ability to pick up concepts and skills quickly

## ACTIVITIES

I am certified in workplace readiness skills for the commonwealth and WISE Financial literacy. I was also certified as Microsoft Office Specialist/Expert in Word, PowerPoint, and Outlook in 2019 and am certified in the Microsoft Technology Associate Windows Operating System Fundamentals.
