Instructions to [record your ImmerseMe experience in Zoom](#).

Answer prompts 1-7 below in English to help you process your French learning progress using the virtual and AI experience of ImmerseMe.

1. Why did you select this particular **ImmerseMe lesson**? Why did this lesson in particular appeal to you?

I felt this lesson appealed to me because of getting an understanding how to describe my city to other people who may not know what it looks like or never experienced the city life is important

2. Which scaffolded learning mode from ImmerseMe was most helpful to you this week (**pronunciation, typing, spelling, translation, AI**)? What specific aspects of the lesson made it helpful to you?

I felt the AI was very helpful for me mainly because I was able to describe what I did either today or yesterday, as well as sharing my ideas

3. How did you feel about the experience offered by ImmerseMe? Did the use of visuals, audio, interaction, and the depiction of the space impact your learning positively or negatively? Please explain.

I think the experience was good as it was set at like a cafe with someone and we had a casual talk and gave me a relaxed feel

4. What were some of the multicultural learning experiences for you? Consider the authentic location. What did you learn, notice, negotiate, connect with, etc.?

What do you specifically notice about the location?

5. How did the ImmerseMe category reflect your strengths and interests this week? What have you done well? What was your biggest challenge when completing this ImmerseMe category?

Similar to the past lesson, I struggle with the placement and conjugation of some of the words, so seeing the placement helped me out a lot.

6. How do you see this week's immersive experience as part of your future career goals? Can you imagine using French in a future job or travel experience? Please explain.
7. After using ImmerseMe's **AI Conversation (BETA)** for this lesson, what were your impressions? Was this practice for speaking or writing? **Add a screenshot of your**
