ImmerseMe Topic & Category: Talking About Yourself - Talking About How You Feel

e-Portfolio Artifacts are digital evidence of progress, experiences, achievements, and goals over time. Artifacts are examples of your work.
Be sure to [record your ImmerseMe experience in Zoom](#).

Answer prompts 1-5 below in English to help you process your French learning progress using the virtual experience of ImmerseMe:

1. Why did you select this particular [ImmerseMe category](#)? Why did this lesson in particular appeal to you?

I think that talking about how you feel is probably the basic stepping stone in language learning; being able to relate the “self” and the inner experience in the bounds of language is the hallmark of human communication.

2. Which scaffolded learning mode from ImmerseMe was most helpful to you this week (**pronunciation, writing/dictation, translation, immersion**). What specific aspects of the lesson made it helpful to you?

I felt that Immersion was certainly the most helpful; it felt the most “real.” having to shape the responses as if in a “regular” conversation was very effective in my increasing my comfort with the material.

3. How did you feel about the experience offered by ImmerseMe? Did the use of visuals, audio, interaction, and the depiction of the space impact your learning in a positive or negative fashion? Please explain.

I enjoyed the experience. This was an especially breezy and succinct lesson and it was nice to have a “face-to-face” interaction.

-
4. What were some of the multicultural learning experiences for you? Consider the authentic location. What did you learn, notice, negotiate, connect with, etc.?

I was in fact surprised by how like the classrooms of my youth the classroom in which the conversation took place was. I noticed the same amenities and decorations (flag, whiteboard, projector, bulletin boards, group seating) that I was used to seeing from elementary through high school.

5. How did the ImmerseMe category reflect your strengths and interests this week? What have you done well? What was your biggest challenge when completing this ImmerseMe category ?

I like being able to talk about myself; I didn't really have too many challenges beyond enunciating well enough to be heard by the program.
