ImmerseMe Topic & Category: Workplace - Greeting a Client Formally

e-Portfolio Artifacts are digital evidence of progress, experiences, achievements, and goals over time. Artifacts are examples of your work.
Be sure to record your ImmerseMe experience in Zoom.

Answer prompts 1-5 below in English to help you process your French learning progress using the virtual experience of ImmerseMe:

1. Why did you select this particular **ImmerseMe category**? Why did this lesson in particular appeal to you?

   Speaking formally is an important skill to enhance especially as a student who often is speaking French to superiors or polite acquaintances. At my job I work with many overseas employees and it is an advantage, in my opinion, to be able to talk with people comfortably in what might be their native language.

2. Which scaffolded learning mode from ImmerseMe was most helpful to you this week **(pronunciation, writing/dictation, translation, immersion).** What specific aspects of the lesson made it helpful to you?

   There was no really outstanding mode, all were pretty helpful; it was interesting in "translation" to see the different acceptable forms of greeting. Mostly this unit was review for me.

3. How did you feel about the experience offered by ImmerseMe? Did the use of visuals, audio, interaction, and the depiction of the space impact your learning in a positive or negative fashion? Please explain.

   I enjoyed it but I did get frustrated with the immersive mode as it did not pick up some of the things I was saying correctly. I otherwise would have gotten 100% across the board.

4. What were some of the multicultural learning experiences for you? Consider the authentic location. What did you learn, notice, negotiate, connect with, etc.?

   The extra-e in Enchantee when one is "Marie Dupont" the female speaker was sort of a glancing look at the gendered differences between French and English, certainly.

5. How did the ImmerseMe category reflect your strengths and interests this week? What have you done well? What was your biggest challenge when completing this ImmerseMe category ?

   Working on formal speech is certainly an interest of mine; the biggest challenge certainly was not being able to complete the Immersion because of some issue with the program.
