El deporte favorito de el vídeo es básquetbol. I enjoy walking and raquetball as well as weightlifting. I participated in sports in school but wasn't very good. I would like to get into rock climbing more, I have tried it before and think it would be an excellent activity to get outdoors.

Hi Julia! I also like to watch basketball. I also enjoy walking, and I played sports in school but I was extremely petite so I didn't get to play. I recommend rock climbing, its amazing!
