

Atoria Reed
Queen in You ODU Chapter

To the Lambda Eta Chapter of Delta Sigma Theta,

I am writing this letter as a recommendation for **Imari Matthews** to verify and uphold the community service hours that she has completed with my organization. For this fall semester at Old Dominion University from August until present, she has completed approximately 61.56 hours. She is very hard-working, dedicated, and passionate about attending different community service events and helping her community. She is tremendous in helping Queen in You achieve its goals and uphold the mission statement in high regard.

Queen In You, Old Dominion University chapter is a women's empowerment group that holds itself in the highest regard of offering mentorship hours, community service opportunities, self-development workshops, and bonding events for its members. Imari is also a member of our executive board as a secretary and maintains a well-balanced schedule. She volunteers with multiple different organizations, as well, and is a well-valued member of our organization.

As an organization, we are very proud of all the community service hours that Imari continues to show up and show out for and I believe she will be a great candidate for this scholarship. If any additional information is needed, you may contact us at (804)-929-4488 or queeninyouodu@gmail.com.

Very truly yours,

Atoria Reed

A handwritten signature in cursive script that reads "Atoria Reed".
