

SUMMARY

Cybersecurity student pursuing a Bachelor of Science in Cybersecurity with CompTIA Security+ and Network+ certifications, and currently preparing for the Cisco CCNA. Strong foundation in networking, infrastructure security, and enterprise IT operations. Hands-on experience with Windows and Linux systems, network traffic analysis using Wireshark, vulnerability scanning with Nmap, and network configuration through Cisco Packet Tracer simulations, and seeking an entry-level IT, networking, or cybersecurity role to apply technical skills and contribute to secure and reliable infrastructure environments.

PROFESSIONAL EXPERIENCE

L1 Warehouse Associate 08/2024 - Present
Amazon Fulfillment Center (ORF3) Supervisor: Victoria Questore
Company: Amazon Telephone: (888)-892-7180
Company Address: 2020 Northgate Commerce Pkwy, Suffolk, VA 23435

- Performed inbound and outbound warehouse operations, including stowing, picking, packing, counting, and sorting customer orders
- Utilized handheld scanners and internal inventory systems to track items and maintain inventory accuracy
- Followed standard operating procedures (SOPs) to meet productivity, quality, and safety requirements
- Conducted quality checks to identify damaged, missing, or incorrect items and reported discrepancies
- Maintained a fast-paced workflow while meeting hourly performance metrics and deadlines
- Adhered to workplace safety guidelines and operational policies in a high-volume fulfillment environment
- Collaborated with team members and leadership to support daily operational goals

Customer Lead 05/2024 - 08/2024
Foodlion Supervisor: Iris
1010 Portsmouth Blvd Telephone: (757)-934-6484

- Supervised front-end operations, including cashier workflow, customer service, and daily task coordination
- Assisted customers with transactions, inquiries, and issue resolution to maintain positive service experiences
- Handled escalated customer concerns while maintaining store efficiency and professionalism
- Managed cash registers, cash handling procedures, and opening and closing duties
- Trained and supported new employees to ensure adherence to company policies and performance standards
- Maintained organization and efficiency in a fast-paced retail environment

EDUCATION

Old Dominion University Expected: 12/2026
Bachelor of Science in Cybersecurity
University Address: 5115 Hampton Blvd, Norfolk, VA 23529

CERTIFICATIONS

CompTIA Security+ (SY0-701) – Active
ComTIA Network+ (N10-009) – Active
Cisco Certified Network Associate (CCNA 200-201) – In Progress

TECHNICAL SKILLS

Linux Administration • Bash Scripting • Wireshark Traffic Analysis • Network Protocols (ICMP, DNS) • Password Cracking Techniques • Digital Steganography • System Backups & Automation • File Permissions & Storage Management • Ethernet Network Design • Troubleshooting & System Monitoring

LABS/PROJECT EXPERIENCE

- Conducted password cracking and hash analysis using Linux-based tools to evaluate authentication weaknesses and security vulnerabilities
- Performed digital steganography investigations to identify hidden data within image and media files
- Executed network traffic analysis using Wireshark to capture and interpret ICMP, DNS, and protocol behavior
- Built and managed Linux systems using command-line tools for user management, file permissions, and storage configuration
- Automated system backup processes using Bash scripting and cron scheduling
- Designed and documented Ethernet network layouts, including device placement, cabling structure, and connectivity planning
- Applied system hardening techniques and access controls to improve security posture
- Troubleshoot system and network issues within virtualized lab environments
