

2.3.4 Temperature 1

Temperature 1

Selection

Geometric entity level	Boundary
Selection	Boundary 1

Equations

$T = T_0$

Settings

Description	Value
	Classic constraints
Apply reaction terms on	All physics (symmetric)
Constraint method	Elemental
Use weak constraints	Off
Temperature	Ts

Shape functions

Constraint	Constraint force	Shape function	Selection
ht.T0-ht.Tvar	test(ht.T0-ht.Tvar)	Lagrange (Quadratic)	Boundary 1
