Summary

I am especially good at managing time and scheduling myself to be productive with my work. I have good customer service with two years of experience in the food industry.

Experience

Food Runner/Hostess | 09/2020 - Present | AJ Gator's Sports Bar and Grill

When Food Running, I would work in the kitchen to ensure that everything going into the dining room was correct and that the food went to the correct table. When I was Hostessing, I would be up-front by the door to direct customers to tables and give them menus. I would train new hosts and fun runners and ensure all my side work was done at the night's end.

Teacher Assistant | 06/2022 - 08/2022 | Virginia Beach Public Schools

I was an extra set of hands in a summer school program for Special Education. I would help out with small groups when students were doing their classwork. I would also walk students to other rooms in the school, such as the nurse's office and restrooms.

Skills

Customer service, Food service, Time management, Restaurant experience

Education

I am currently in University

I graduated High School with an advanced diploma and with honors.

I am currently working on a History degree with a concentration in teaching preparation. I am also hoping to do a minor in Special Education.

I was in my school's orchestra from 5th grade to 12th grade.
