

Journal Entry #12

The sample breach letter relates to the economic theory named Marxian Theory. The breach letter relates to this theory in different ways. One of the first ways is in this breach companies' customers were getting all of their personal information leaked. This relates to the definition because Marxian Theory is when those in power exploit those lower in power. Rational Choice also relates to this breach. The business seems like in the breach that they're making choices in their best interest, if it weren't people wouldn't have gotten hit.
