└─(student@kali.example.com)-[~]
└─$ pwd
/home/student

└─(student@kali.example.com)-[~]
└─$
```

Echo repeats the phrase that I typed in quotation marks.

Date shows the Day of the week, Date (Month, day, and year), and the time.

Ls shows the contents of a directory.

Pwd means Print Working Directory and shows the current working directory path.
