just to run this non-profit for a year it will cost approximately $108,000
WE shoudl be able to use this budget to cover for one of our picture requirements

Would you say we would be performing basic or applied scientific research with technology like cybersecurity
John
Everything in the budget covers four people (the members of the team)
basic for now

I found a grant up to $75k that VIPC offers
John
i guess we could use whatever would get us more money from donors
wow
