

Keller Beacham – MSR Input for October 2025

1.0 Significant Accomplishments / Issues

1.1 Significant Accomplishments

1. SharePoint sites and permissions

Cleaning up and maintaining **permissions and the display** of the MARMC SharePoint Homepage and subpages. Am being assigned to **tickets to help users with their SharePoint needs**. Have made **5 codes** look uniform in display on the **MARMC home site**, along with working on the biggest code now. Also have been on strict control of our access roster.

2. Post share drive to SharePoint migration management

The SharePoint team has migrated every code and necessary folder at MARMC, moving massive amounts of data (3,239.03 GB) from the share drive to SharePoint. Also have been dealing with many people who require access and permissions to this shared area, which has now just started to be tracked by tickets. In the past month we have migrated **SKED, PMS Viewer**, and I personally re-migrated **C413**, making sure every file gets transferred.

3. Pursuing Cybersecurity Degree

Actively pursuing a **bachelor's degree in Cybersecurity at Old Dominion University** to further deepen my expertise in the field, am currently in my second semester of my junior year.

4. Preparation for CompTIA CySA+ Certification

Studying for the **CompTIA CySA+** exam, aiming to achieve a globally recognized credential in cybersecurity.

5. Tickets

Have completed **5 tickets**

1.2 Issues

NTR

2.0 Projected Activities

Support the command with any SharePoint related needs.

3.0 Meetings with Government
