To whom it may concern,

My name is Jorge Frazier, and I currently work as a Senior Systems Security Analyst at Navy Cyber Defense Operations Command in Suffolk, Virginia. It has been my absolute pleasure to work alongside Mr. Kevin Maxey for the past three years.

Kevin is a reliable, disciplined, and motivated leader. During our time working together, we have collaborated on several high-level infrastructure projects and server upgrades. His expertise and problem-solving skill have been instrumental in the success of these initiatives. For example, Kevin played a pivotal role in reducing downtime during a critical server upgrade project, ensuring continuity for our operations.

Beyond his technical skills, Kevin embodies the Navy's core values of integrity, trust, innovation, teamwork and resilience. His leadership, dedication, and ability to inspire others have made a lasting impact on both our team and the Information Technology Information Services department here at Navy Cyber Defense Operations Command.

I have no doubt that Kevin will excel in any endeavor he pursues, bringing unparalleled expertise and dedication to his future teams. I wholeheartedly and without reservation recommend Mr. Maxey.

Sincerely,

Jorge A. Frazier, CISM
