Feasibility of being hired for job

Alternative #1

Compass Counseling and Psychotherapy

Behavioral Assistant

provide high quality mental and social services for
individuals and families

New Jersey

one year of working with children or teens, driver's
license, ability to work dependently
provide support to youth, assist them with coping skills,
complete documentation etc.

not mentioned

Bachelors in Psychology

It is working with the group that I want a career in after
licensing

pretty likely because of my experiene of working with
children

Alternative #2

Atrium Health

Trauma Survivors Network Coordinator

network of families that connect after traumatic injuries,
support during the recovery process

Charlotte, NC

sit, speak, occasionally lift up to 10 pounds
educate patient and families with opportunities in the
program, conducts education, facilitates groups, etc.
not mentioned
Bachelors in related field

seems like a field I would be interesting in while waiting
to get in my masters program or while getting my license
moderately likely because I do not have much experience
in this particular group

Alternative #3

Avenica

Claims Trainee

Welcome college graduates for client relations,
communications

Chesapeake, VA

excellent communication, operate with high energy,
ability to understand client

perform analysis and resolution for clients, handle
escalations, perform account coordination etc.

not mentioned

Bachelors degree

Good for college graduates to build skills

Very likely, they welcome college graduates but Im not
sure if this would be something I want to do.
