Objective

I am a motivated and detail-oriented Cybercrime student at Old Dominion University seeking an internship to apply my developing skills in cybersecurity, digital forensics, and investigative research. Eager to contribute to a professional team while gaining hands-on experience in analyzing threats, preserving digital evidence, and supporting ethical cyber practices.

Education

Old Dominion University, Norfolk, VA - B.S. in Cybercrime (Expected May 2026)
- Relevant coursework: Cybersecurity Fundamentals, Criminology, Digital Forensics
- Founder: "Dog Owners" club - promotes community health and behavior education

Germanna Community College, Fredericksburg, VA - A.S. in General Studies (May 2024)
- Graduated with honors | Member: ACE, Math Honor Society

Stafford High School, Fredericksburg, VA - Diploma (May 2022)
- EMT Certification | Member: Key Club, Spanish Club, Health Science

Society Experience

- Dog Handler, Doggie Daycare, Norfolk, VA (Sep 2024 - Present) - Cared for up to 40 dogs, ensuring a clean and safe environment.
- Lead Associate, Wawa, Fredericksburg, VA (Jun 2021 - Aug 2024) - Supervised 7-10 staff, managed cash ops, and provided excellent service.
- Private Dog Trainer, Fredericksburg, VA (Jun 2023 - Jul 2024) - Developed personalized training programs and worked with clients.
- Manager, Subway, Fredericksburg, VA (Jun 2020 - Jun 2021) - Oversaw scheduling, food safety, and team operations.
- Babysitter, Fredericksburg VA (Jan 2019 - Aug 2024) - Provided care for multiple families, promoting safety and early learning.

Technical & Cybersecurity Skills

- Python (Codecademy Certified)
- Digital Forensics Concepts
- FTK Imager, Autopsy (through coursework)
- AI Tools (ChatGPT, Google Gemini)
- Microsoft Office, Google Workspace
- Online Security Best Practices
- Chain of Custody & Evidence Documentation (basic level)

Transferable Skills

- Customer service & team leadership
- Strong communication & documentation
- Problem-solving under pressure
- Conflict resolution
- Training & instruction (dog training experience)

STEM & Experiential Activities

- FTK Imager Lite Practice Labs - Created and analyzed forensic disk images.
- E-Portfolio Project - Showcases digital forensic knowledge and academic work.
- Personal Research Blog - This covers topics like the CIA Triad, NIST Frameworks, and IoT security.
