

9-8-22

Attended an LLC event where people from the different health professions talked to us about their part of the field. They did this to introduce us to the different majors in health professions.

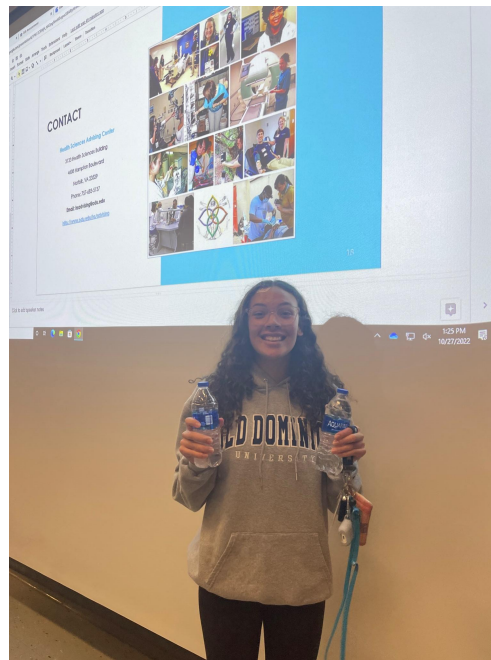

10-18-22

Attended the LLC sociology movie that was in Owens.

Scavenger hunt for the LLC Health 101 so we could find important things in the university.

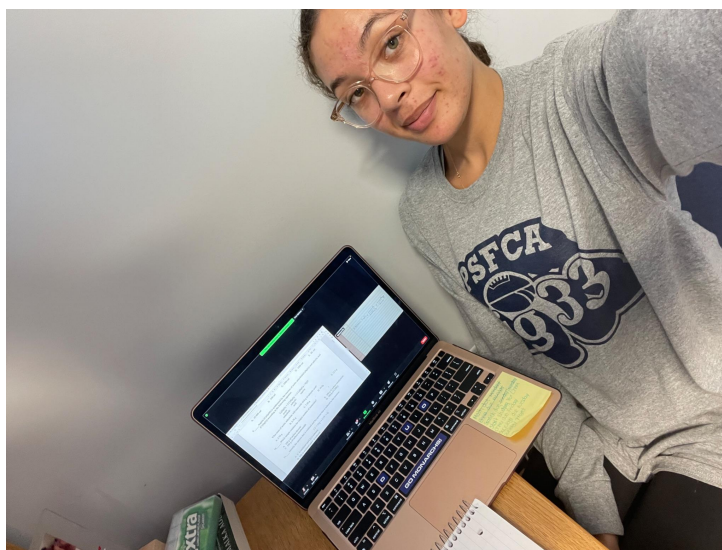

10-27-22

Attended an LLC event in the oceanography building to learn even more about the different health professions majors. I specifically remember all the therapies, and medical lab science being there but I know there were more.

Attended another LLC event in Owens where nursing students came in to talk to us about climate change and how we can help. They also talked to us about the nursing program.

11-13-22

Attended a Chemistry tutoring session over zoom to help me review for an upcoming test.

11-29-22

Attended an LLC event about Mutts with a Mission to learn more about how they train the dogs before they go to their new owner.

Attended the LLC sociology zoo trip.
