**Answer prompts 1-5 below in English to help you process your language learning progress using the virtual experience of ImmerseMe:**

1. Why did/didn't this **ImmerseMe category/lesson** in particular appeal to you?

I liked this ImmerseMe lesson because it felt very realistic. It was the first lesson that made me feel like I could go to a Spanish-speaking country and be fine with talking in Spanish. I hope there will be more like that in the future. Also, the sandwich looked really good.

2. Which scaffolded learning mode from ImmerseMe was most helpful to you this week (**pronunciation, writing/dictation, translation, immersion**). What specific aspects of the lesson made it helpful to you?

I think the writing and translation were the most helpful for me this week. The writing was the most challenging for me, and I want to try and time myself writing to see how fast I can do it. The translation part was my favorite part because it's fun to try and say what we're supposed to say, and it's nice when I get it right.

3. How did you feel about the experience offered by ImmerseMe? Did the use of visuals, audio, interaction, and the depiction of the space impact your learning in a positive or negative fashion? Please explain.

I did not use a VR headset when completing this lesson. However, the experience offered by ImmerseMe is very cool and makes talking/learning Spanish more fun and realistic. I believe that getting the most out of ImmerseMe, a VR headset would be valuable.

4. What were some of the multicultural learning experiences for you? Consider the authentic location. What did you learn, notice, negotiate, connect with, etc.?

I thought it was cool that the same place that made me coffee also could make me a lunch sandwich. I feel like a coffee shop and a sandwich shop are pretty much separate unless it's breakfast food. It makes me wonder what else they have at stores that you wouldn't think would be there.

5. How did the ImmerseMe category reflect your strengths and interests this week? What have you done well? What was your biggest challenge when completing this ImmerseMe category ?

I think the ImmerseMe category helped me feel more confident in talking in Spanish. I did well with translation this week, and my biggest challenge was the spelling part because the woman would talk fast, making it hard to understand what she said. However, the parts that I had to write for my parts were easier.
