Professional Experience

Warehouse Team Leader

Amazon, Suffolk, VA *January 2024 - Current*

- Led daily shift operations, balancing labor, workflow, and station assignments to support throughput.
- Coached associates on safety standards, quality expectations, and standard work procedures.

- Monitored order fulfillment, inventory movement, and packing activities for accuracy and consistency.
- Coordinated cross-functional communication with operations, transportation, and area managers to resolve bottlenecks.
- Improved team performance by supporting labor planning, task prioritization, and real-time issue resolution.
- Contributed to the development of long-term business goals through data-driven analysis and strategic planning.
- Enhanced employee productivity through consistent coaching, performance evaluations, and targeted training initiatives.
- Promoted a positive work culture by fostering open communication among team members and recognizing individual achievements regularly.

Warehouse Worker

Amazon, Suffolk, VA *August 2023 - Current*

- Picked customer orders accurately using RF scanner and pick lists.
- Located inventory quickly across warehouse aisles to support timely fulfillment.
- Verified item numbers, quantities, and packaging before staging outbound shipments.
- Followed safety procedures while handling stock, pallets, and materials.
