

Review the articles linked with each individual motive in the presentation page or Slide #4. Rank the motives from 1 to 7 as the motives that you think make the most sense (being 1) to the least sense (being 7). Explain why you rank each motive the way you rank it.

The main motive for cybercrime is for money, since cybercrime is not easily traceable it is a very easy way of making money. Second is political, if they support a political party they will try to commit a cyber crime against the opposite party. Third is revenge, mainly because cybercrime is not easily traceable, it can be an easy way to enact revenge against somebody. Fourth is for entertainment, I've seen a lot of cybercrimes committed for fun. Fifth is recognition since cybercrime is not very traceable unless you make yourself publicly known, you won't be spotted. Boredom is sixth, People who commit crimes won't just commit a crime because they are bored but instead for a specific reason. Multiple reasons are last, though it is very possible to commit a crime for multiple reasons, cybercrime is mainly targeted for one specific reason.
