🌐 [linkedin.com/in/orion-peacock-706886363](https://www.linkedin.com/in/orion-peacock-706886363)

Motivated and reliable high school graduate and current college student with a strong work ethic. Experienced in both team and independent roles through academic projects. Brings a detail-oriented mindset, strong communication skills, and dedication. Open to opportunities in customer service, general labor, recreation, or other entry-level positions where a dependable and fast-learning worker is needed.

🎓 Education:

Advanced High school Diploma, *Grafton High School, Yorktown, VA* 08/2022 – 06/2025

Advanced Studies Diploma-STEM Magnet Program, 08/2024 – 05/2025
New Horizons, Hampton, VA

📁 Professional Experience

Dunkin Donuts Shift lead, *Tiara Edgerton, (757) 358-3213* 09/2025 – Present
Managed daily shifts, trained new employees, and collaborated with management. Newport News, United States of America

📄 Certifications:

- Cybersecurity Fundamentals NOCTI
- Comptia Security Pro
- Comptia A+
- Comptia Security+
- Tech caregiver

Projects:

Metasploitable3 Exploitation Lab

03/2025

Completed a guided cybersecurity simulation using Kali Linux and a deliberately vulnerable virtual machine (Metasploitable3). Worked with tools like Nmap and Metasploit to scan for weaknesses, exploit vulnerabilities, and apply defensive fixes. Collaborated with peers to plan, execute, and document a full incident response scenario. Developed critical thinking, troubleshooting, and teamwork abilities.

Security Log Audit

03/2025

Conducted a review of Windows Event Logs to identify suspicious login activity on a sample system. Focused on key Event IDs to spot failed and successful authentication attempts, and flagged outdated security protocols like NTLM. Gained hands-on experience with system monitoring, attention to detail, and documenting findings clearly.

Commonwealth Cyber Cup

11/2024 – 12/2024

Organized and led a student cybersecurity team in a statewide Capture the Flag (CTF) competition. Oversaw coordination across challenge categories including web application security, digital forensics, and cryptography. Helped teammates solve problems, encouraged collaboration, and kept the group on track under deadlines. Strengthened leadership, time management, and communication skills.

Key Skills:

- Team collaboration and leadership
- Excellent communication and interpersonal skills
- Fast learner and adaptable
- Familiar with Microsoft Office & email systems
- Organized and reliable
- Basic computer troubleshooting
- Problem-solving under pressure
- Works well independently and with others

Extracurricular Activities

- Cyberlinc member, 2024-25
- Greenvalley Robotics coding member, 2019-22
- Skillsusa 2025
- Commonwealth Cyber Cup
- Grafton Track and Field Captain
- Grafton High Robotics Club coding member, 2022
- National Technical Honor Society 2025
- Virginia Cyberslam 2025
- MetaCTF
- Grafton Cross Country Captain
