GERKEIL OWENS

CYBERSECURITY SPECIALIST

PROFESSIONAL SUMMARY

I am a Motivated and detail-oriented cybersecurity student with hands-on experience gained through classroom simulations of real-world security challenges. I am very knowledgeable about analyzing and solving complex security problems, performing vulnerability assessments, and implementing security protocols in controlled environments. Skilled and have a strong understanding in a variety of cybersecurity tools and techniques, with a strong understanding of network security, ethical hacking, risk management, and data protection principles. I am very excited to apply academic knowledge and practical experience to a professional cybersecurity role. Committed to continuous learning and development in the constant evolving in the cybersecurity threat landscape.

SKILLS
