Cisco Packet Tracer Diagram

This Diagram demonstrates a simulated network. Three switches can connect eight computers, a printer, and a server. The connection should allow for communication between every device simultaneously via twelve LAN cables.

Budget

Product	Amount Needed	Price	Total
Mediabridge Ethernet Cable (15 Feet)	12	\$9.99	\$120
NETGEAR 5-Port Gigabit Ethernet Unmanaged Switch (GS105NA)	3	\$45.99	\$138
			Total Budget: \$258
