

# THE STEPS to

## SPORTS TRADER

Taking these steps can fortify a path to a sports trader position

1

**Build Sports Betting Experience**  
Continue Practicing and Researching. Consider Sports Gambling Education Certificate

2

**Learn Excel**  
Learn how to organize data, input formulas, and create visuals

3

**Seek Mentorship**  
Inquiry with professionals for guidance. Follow up with Tony Breslin.

4

**Network**  
Utilize platforms such as LinkedIn to meet professionals and exchange value

5

**Familiarize with Data Programs**  
Such as SQL, Python, R

6

**Apply for Positions**  
Submit tailored resumes including education, skills, and experience

This path provides direct enhancement of my recruitment prospects and contains flexibility for pivoting to a number of positions in online sports betting.

This plan can be executed within a reasonable timeframe. A sequential order is not required to utilize these steps, though there is a priority on obtaining skills and experience. Skills are not expected to be mastered, but require transferability to the workplace.

The resources required to conduct this plan are in working condition or are obtainable. This roadmap is tailored to specific needs. It has been constructed for consideration and is subject to change.

### Mission

Obtain the skills necessary to immediately impact organization. Prepare to learn and advance.
