EXECUTIVE SUMMARY

- Exceptional Signals Intelligence (SIGINT) analyst, Electronic Warfare (EW) operator, strategic planner, project manager, and team motivator offering successful executive-level operations management, administrative, and leadership experience. First-rate personal, analytical, communications and government-relations skills. Outstanding ability to manage multiple large-scale projects, tasks and priorities effectively in a global environment. Superior communicator who readily distills the most complex of materials into easily understood, compelling reports and presentations.

HIGHLIGHTED SKILLS

- **Security Clearance:** DoD Top Secret/SCI eligible; last adjudicated July 9, 2021
- **Computer Skills:** Microsoft Word, Excel, PowerPoint, SharePoint, and Outlook
- Extensive experience in collaboration across the Intelligence Community
- Comprehensive knowledge of fusing various intelligence disciplines
- Exceptional organizational, analytical, and leadership talents while working in multi-agency and multi-national organizations
- Quick to learn, operate, manage, and train others on complex collection and analysis systems
- Excels in a team environment with minimal supervision to achieve corporate goals

PROFESSIONAL EXPERIENCE

UNITED STATES NAVY • E-7 – Chief Cryptologic Technician (Technical) / Senior-level SIGINT Analyst & EW Operator

December 2000 to February 2022

Served in multiple positions of increasing responsibility and complexity at various worldwide locations, demonstrating exceptional leadership, knowledge, skills, and proven abilities in the following areas:

SIGINT Analyst / US Navy Senior Enlisted Leader – NATO HQ, Allied Joint Force Command Naples, Italy

January 2019 to December 2021

Hours per week: 50

- Analyzed data and produced timely ad hoc intelligence products for regional crises/conflicts, enabling the preparation of assessments and informed decision-making for senior leadership
- Collected, evaluated, edited, and disseminated daily SIGINT products relevant to HQ's area of responsibility (AOR); establishing pattern of life and facilitating trend analysis
- Identified, mapped, and tracked adversary communications networks, supporting further collection and exploitation
- Led reaccreditation of SIGINT Communications and Information System, allowing for continued intel production
- Key lecturer on the 2019 Joint Military Training Team to Moldova, briefing 22 Moldovan National Army non-commissioned officers on effective communication, motivation & morale, conflict management, and stress management
- Responsible for training 56 US Navy enlisted personnel, ensuring 100% compliance with Navy-specific programs

Supervisor: Jason Salata, CAPT, USN

jason.salata@jfcnp.nato.int

**EW Advisor – United States Military Training Mission, King Abdul-Aziz Naval Base, Al-Jubail, Saudi Arabia
October 2017 to December 2018**

Hours per week: 40

- Trained eight Saudi EW personnel in maintenance and troubleshooting procedures for shipboard EW systems, reinforcing personal ownership of equipment and emphasizing the importance of preventative maintenance
- Led troubleshooting and repair efforts of EW systems on two ships which were previously out-of-commission for eight months, restoring full operational capabilities
- Evaluated and revised Combat Information Center EW training scenarios at the Eastern Fleet Tactical Training Center, updating scenarios to reflect current real world threats and tactics
- Key lecturer for five Enlisted Leadership Development Conferences, introducing 280 Saudi Non-commissioned Officers to the US model of enlisted leadership

Supervisor: Patrick Drain, CDR, USN
+1 858 761 1664
patdrain@gmail.com

EW Operator / Division Chief – USS Green Bay (LPD-20), Sasebo, Japan

June 2014 to September 2017

Hours per week: 70

- Responsible for operation and maintenance of all shipboard EW and decoy launching systems, enhancing the ship's self-defense capabilities
- Responsible for the timely collection, analysis, and identification of radar emissions for anti-ship missile defense (ASMD), enabling the ship's safe navigation while at sea
- Revised and updated ship instructions and procedures concerning EW and ASMD, refining watch standers' autonomy in the event of a high-tempo naval combat engagement
- Led and trained a 17 member team in EW, ASMD, SIGINT analysis, and maintenance procedures, meeting training milestones within established timelines, resulting in a fully qualified team

Operational Electronic Intelligence (OPELINT) Analyst / Watch Floor Supervisor – Commander Naval Forces Europe, Commander Naval Forces Africa, Commander Sixth Fleet HQ, Naples, Italy

April 2012 to May 2014

Hours per week: 50

- Utilized intelligence systems to collect and analyze electronic emissions, tracking and monitoring the movement of friendly and non-Allied ground forces, aircraft, and ships
- Led 15 Sailors analyzing multiple intelligence disciplines to provide time sensitive indications and warning to deployed units in the European and African AORs, increasing warfighters' situational awareness of the battle space

OPELINT Analyst / Direct Support Team Lead – Navy Information Operations Command Hawaii, Joint Base Pearl Harbor-Hickam, HI

January 2009 to February 2012

Hours per week: 40

- Collected, analyzed, and disseminated intelligence briefs detailing target country SIGINT operations and pattern of life, providing key information to warfare commanders' strategic planning
- Led a seven person team conducting intelligence collection, processing, and reporting while performing directed operations within the Pacific Fleet theater, augmenting ships' crews and providing cryptologic support

OPELINT Analyst – Navy Information Operations Command Menwith Hill / Commander British Forces Gibraltar

January 2007 to December 2008

Hours per week: 48

- Monitored, catalogued, and analyzed radar signatures of all vessels entering/exiting the Mediterranean Sea, expanding maritime intelligence databases
- Coordinated with customs and law enforcement officers, resulting in the seizure of a €3M shipment of narcotics

EW Operator / Work Center Supervisor – USS Ronald Reagan (CVN-76), San Diego, CA

June 2002 – December 2006

Hours per week: 70

- Operated electronic direction-finding equipment, providing real-time threat warning for ASMD
- Performed preventive and corrective maintenance on electronic warfare systems, ensuring fully functional self-defense capabilities

EDUCATION & RELATED TRAINING

A.A. Computer Systems (May 2011) – Coastline Community College, Costa Mesa, CA

Enrolled at Hawaii Pacific University pursuing Bachelor's in Computer Science.

- **Intermediate Operational Electronic Intelligence Analyst (December 2003)** – Learned to analyze and report all-source information for tactical and strategic commanders in support of battle force and national intelligence objectives. Additionally, learned the capabilities, limitations, tasking, and validation processes of various national and conventional intelligence collection and processing systems.
- **Electronic Warfare Advanced Applications (April 2012)** – Learned how to integrate, plan, coordinate, and support weapons systems; prepare correspondence in support of operations; and administer maintenance and training. Lectures and discussions covered management and supervision of shipboard operations and doctrines, electronic warfare, training, support measures, communications, and battle group planning.
