

## Science Lab Safety Contract

Working in the science lab can be a very exciting and fun experience, but it can also turn dangerous if certain rules are not followed. It is very important that when we conduct lab experiments, we are all aware of the rules so that we can stay safe and keep others safe.

---

Please read the following rules with your child, sign this contract and return to the teacher

1. It is important to be responsible in the lab at all times.
2. Wear protective items in the lab at all times. This includes goggles, gloves, and lab coat.
3. Listen carefully to all instructions that are given.
4. Do not put anything in your mouth while working in the lab.
5. Absolutely no playing around.
6. After all experiments are conducted, please wash your hands.
7. Make sure your work area is kept clean and clear.
8. Please ask questions.
9. Please follow all directions that are given to you.
10. Be careful when handling sharp objects.

I have reviewed these rules with my parent/guardian and I understand the importance of being safe in the lab. I agree to follow these rules in the classroom.

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

I have read and discussed the rules and the importance of being safe in the lab with my child.
